My ECardFile

My ECardFile is your personal drawer for storing cards. It is empty until you add cards.

To add a card: look up the member. When the card is displayed, click the "Add" icon.

To view the cards in your cardfile: use the alphabet display. Click "A" to list the members in your card file whose last name starts with A; click "All" to list all the members in your card file.

To view a specific card: click on the member's name to display his or her card information.

To update your ECardFile: click the "Update" icon to change privacy levels, delete cards, or export cards to your address book.

You have three choices of attaching your card to your email, for more details click on the help button.

You can download your card details in vCard format and attach all your public details as a virtual business card.

Or you can download a Internet link directly to your card in the ecardfile.com system. This takes the form of a HTML file that you can use as your email signature.

If your email package does not support HTML signatures, you can cut and paste the text below into your email messages.
